

RADITEK INC.

Phase Locked Oscillators (PLO's)

RADITEK specializes in Design, Development, and Manufacturing of "High Volume/Low Cost" Wireless and Microwave products.

Our Phase Locked Oscillators (PLO's) use dielectric resonators for improved stability and phase noise. The RPLO-A Models are compact and lightweight units available from 3.3-10.6 GHz with the lowest available phase noise. Internal and External Reference models are available.
